CERTIFICATION

IEEE Student Professional Awareness Venture (SPAve) 6.0

March 16th, 2023

PARTICIPANT

Certified by IEEE AIUB Student Branch

EDUCATION

BSC IN CSE

AIUB

JAN'22 - Present

EXPECTING GRADUATION IN APRIL 2025

CURRENT CGPA: 3.56

HIGHER SECONDARY CERTIFICATE

Adamjee Cantonment College

2017-2019

GPA: 5 OUT OF 5

LANGUAGES

Bangla

Français

English

ABOUT ME

I am a prospective BSc Computer Science student with a strong foundation in data analysis, deep learning, and Node.js programming, eager to pursue research opportunities.

WORK EXPERIENCE

Support Specialist

AIUB

February 2024 - November 2024

- Joined a study group with classmates to review course concepts and solved coding problems together.
- Worked with languages like Python, Java, or C++ by creating small projects.
- Used tools like Excel or Google Sheets for organizing and sorting data, practiced functions and basic charts.

February 2023 - November 2023

- Built projects that applied coding basics, such as a simple webpage using HTML/CSS.
- Practiced identifying and fixing errors in others' code to build a foundation in troubleshooting.
- Learned basic SQL to understand how data is stored, retrieved, and managed in a database.

January 2022 - October 2022

- Studied basic algorithms like sorting and searching, and practiced implementing them in code.
- Attended computer science talks or coding club meetings to explore different areas of the field.
- Followed blogs or forums like Stack Overflow to learn more about computer science and programming trends.
- Took beginner-friendly courses on computer science fundamentals, such as algorithms, programming basics, and databases on Coursera or Udemy.

CORE SKILLS

- Programming Languages [Python, JAVASCRIPT]
- Data Structures and Algorithms
- Database Management
- Web Development
- Software Development
- Data Analysis
- Operating Systems
- Networking

SOFT SKILLS

- Communication
- Teamwork
- Adaptability
- Leadership
- Creativity
- Time Management
